

Volunteer+ Information Centre
OF HASTINGS AND PRINCE EDWARD COUNTIES

MEMBERSHIP INFORMATION

199 FRONT ST, SUITE 121
BELLEVILLE, ON K8N 5H5
613-969-8862

Dear Agency,

Please find enclosed our new, updated membership options for both not-for-profit agencies, and businesses that utilize and partner with Volunteer + Information of Hastings and Prince Edward.

Volunteer + Info HPE has been a leader in the Hastings Prince Edward region since 1966, and we continue to focus on our vision statement:

Volunteer + Info HPE strives to create an environment where volunteerism is at the core of our community and where all people have access to essential information and community services.

As a unique, multi-purpose agency, we assist agencies, individuals and the community with volunteer recruitment, referrals, retention, recognition, and education.

Our volunteer programming is highlighted by our Volunteer Database, providing you the ability to showcase your agency and create and post your opportunities on our website, which receives an average of over 8000 (up from 4000 since 2023) searches per month. We also assist with the recruitment, referral, retention, promotion, and recognition of volunteers and agencies throughout Hastings and Prince Edward Counties. We partner with various media outlets to help grow volunteer engagement and sustainability, encouraging community involvement while focusing on diversity and inclusion in our community.

Volunteer + Info HPE assists agencies in building their human capital program delivery by skillfully matching volunteers with suitable positions. In 2025 alone, we successfully matched over 25 youth and 40 adults per month to volunteer positions in the community, resulting in savings of over \$3,500,000 for agencies in human capital and program costs. These savings are vital as they ensure that programs can continue to operate and thrive, highlighting the indispensable role that volunteers, and our agency play in sustaining essential services and initiatives within our communities. Moreover, our focus on engaging youth in volunteer opportunities through our community engagement not only benefits the organizations we support but also empowers young individuals to develop valuable skills before entering the workforce and/or postsecondary education programs.

Our memberships help support Volunteer + Information HPE with the funding our programs and services, utilized by individuals looking to volunteer or who need help navigating the complex human and social services industry. This allows us the ability to maintain and grow volunteerism and promote the not-for-profit sector and events throughout the HPE region.

We are excited and motivated to connect with new agencies and reconnect with previous members to create lasting partnerships that will benefit our sectors and the community at large.

Please contact us with any questions or to discuss your options further.

We thank you for your support and look forward to working with you.
